Optional coverage

Dental and Optical

The Dental and Optical option is proposed to accepted applicants of the Medical Insurance Plan (only with Global 80, Global 100 & Global 100 Plus).

Cover includes basic dental care, major dentistry such as orthodontic treatment, and vision care.

Plan options

Area of cover

To better define your health plan, A+ International Healthcare delimits three geographical areas of residence. Premiums are set according to where you live.

First, you select your area of residence at the time of policy inception:

- Area 1: Worldwide (excluding USA / Canada / Hong Kong / China)
- Area 2: Hong Kong / China
- Area 3: Canada

Next, you choose your geographical coverage for treatment:

- Worldwide cover
- Worldwide cover excluding USA and Canada

If you opt for a cover without USA and Canada, we cover medical expenses incurred due to medical emergencies whilst visiting these countries for temporary stays of up to 90 days in aggregate per year.

Currency

Plans can be subscribed in Euro, US dollars or Swiss Francs. Claims are reimbursed in the currency of the policy.

Deductible

You can reduce your premium by choosing an annual deductible that applies on all benefits. There are different levels of deductible, depending on your plan.

The higher the deductible, the lower your premium. Deductibles are applied per insured, per insurance year.

Reimbursement and claims management

How to file a claim reimbursement

Step 1

Go to www.aplusii.com. Go to the Downloads page or 'My A+ Page' to download claim form.

Step 2

Fill in and sign the claim form. Prepare original supporting documentation (e.g. receipted bills) for reimbursement. Keep copies of the documents for your own reference.

Step 3

Send the completed and signed claim form to the claims manager with the original supporting documents by post.

Easy reimbursement of claims

We help you save valuable time in the reimbursement process. If the claim is less than €500, US\$ 675 or CHF 750, we allow submission by e-mail alongside scanned claim forms and scanned copies of documents.

Claims reporting

Claims should be reported as soon as possible after their occurrence. In any case, claims must be sent no later than two years after the event giving rise to the claim occurred.

How to manage your claims

Claims are generally reimbursed within 5 working days, with a maximum of 15 days. You may check the claim process and reimbursement on your personalised 'My A+ Page'.

An e-mail notification is sent to you once the claim has been processed and a settlement note has been issued.

If you have not provided us with your e-mail address, you will receive the settlement notes by regular mail instead.

The higher expenses may be settled directly with the hospitals, clinics or doctors involved, helping to make life easier for you.

Guarantee of payment and direct payment

A+ International Healthcare and its partners have agreements with a wide range of health care providers and facilities located all over the world. You may consult the list of providers on your 'My A+ Page'.

How does it work?

Step 1

You obtain a Cost Estimate Form from our website. The hospital fills in the form, which needs to be signed by you.

Step 2

You send the Cost Estimate Form to the claims manager at least 15 days prior to the admission to ensure a smooth process.

And we will do the rest...

The claims manager issues a guarantee of payment and settles payment with hospital.

The claims manager sends a settlement note to the patient and the hospital.

What if it is an emergency admission?

In the event of an emergency admission, show the provider your Medicaid upon admission. Send the claims manager the completed Cost Estimate Form before discharge. The claims manager will deal directly with the facility (hospital, clinic, etc.).

Frequently asked questions

1) Can I subscribe to an A+ International Healthcare plan?

a) Are any age limits applicable for enrolment?

The age limit set for enrolment is 70 years.

b) What minimum period of time can I be covered for?

The duration of insurance policy is 12 months.

c) Do I need to have a medical examination to join the plan?

No. You only need to complete a medical questionnaire. On occasions, our medical adviser may define partial exclusions, total exclusions or propose an additional premium to waive exclusions.

d) Which form do I complete to enrol?

There are two enrolment processes available for enrolment - Full Medical Underwriting enrolment and Moratorium enrolment - and thus two specific application forms.

For Full Medical Underwriting enrolment, it is very important that the detailed Medical Questionnaire included in the application form must be completed fully and accurately, failing to do so may invalidate the policy.

For Moratorium enrolment, the questionnaire is limited to a few questions related to major illnesses. After two years' continuous membership, pre-existing Medical Conditions will become eligible for benefit (conditions apply, please contact us or your insurance intermediary for more information).

2) How can I manage my plan?

a) How can I renew my plan?

Renewal information will be sent to you six weeks before the renewal date. Cancellation of your policy is possible on the policy anniversary date with one month's notice, through notification by registered letter.

b) Can I change my level of cover?

Downgrading or upgrading plans and options is possible, but only at the renewal date of the policy. In the case of upgrading, a new medical questionnaire must be completed. Changing the geographical scope of cover is always possible in relation to the country of expatriation. However, it is not possible to change to the worldwide cover for short periods (with the objective of getting treatment in USA or Canada).

c) How can I pay my premium?

Premiums are payable annually in advance, by bank transfer, credit card or cheque. Semi-annual and quarterly payments are available. Administrative charge applies.

d) How does the deductible work?

The deductible is a fixed amount per year per person of covered expenses for which you are responsible. Once your annual deductible has been met, your expenses will be reimbursed according to the conditions of your plan.

e) When do new dependants need to be added?

Addition of a legal partner / domestic partner is possible, provided that the application is based on the same procedure and conditions of acceptance, and within two months after becoming eligible for the insurance.

Addition of a new-born is possible, provided that the application is made within two months following the date of birth. The birth certification is a required supporting document. Premiums for new-born babies are to be paid as from the birth date.

A medical questionnaire must be completed when the baby is declared to the insurer more than two months after birth.

Adopted children may also be included in the policy, enrolment of whom is subject to full underwriting.

f) Am I able to access my personal information online?

Our online service - My A+ Page - helps you to better manage your health plan. It does not only give you access to our panel of medical providers, hospitals and clinics, grouped by countries, towns and specialities, it also allows you to consult your plan coverage, monitor your own personal reimbursement information and download all forms. Access to this personalised section is password-protected and you are required to enter your personal reference number.

g) How do I log in to 'My A+ Page'?

The first time you use 'My A+ Page', you need to enter your personal reference number and your password, which is sent to you by our claims manager upon enrolment.

h) What do I do in case of emergency?

Our emergency helpline is available in a variety of languages and is staffed by medical professionals ready to assist you 24/7 every day of the year. Telephone numbers are stated on your Mediacard provided upon enrolment.

i) How do I claim?

Claims should be reported as soon as possible after their occurrence. In any case, claims must be sent no later than two years after the event giving rise to the claim occurred.

Claim forms may be downloaded from 'My A+ Page'.

You should complete the form and send:

- By mail:

Claim forms can be completed directly on 'My A+ Page' or filled out by hand. They must be signed and returned to the claims manager together with the supporting documents.

- By e-mail:

If the claim is less than € 500, US\$ 675 or CHF 750, we allow scanning of the claim forms available on our website. You should send scanned copies of receipts and keep the originals for a minimum of 12 months.

Claims are reimbursed within 5 working days, at a maximum of 15 days.

3) What is covered?

a) Which practitioner can I consult?

You can consult any doctor of your choice provided this doctor has graduated from a recognised medical school as listed in the WHO Directory of Medical Schools and who is licensed and is registered to practice medicine in the country where the treatment is received.

b) Are complications of pregnancy covered?

The following complications of pregnancy are covered in the same way as any other medical condition, so the rules and limits for the maternity benefits do not apply:

- miscarriage or when the foetus has died and remains with the placenta in the womb;
- stillbirth;
- abnormal cell growth in the womb (hydatidiform mole);
- foetus growing outside the womb (ectopic pregnancy);
- heavy bleeding in the hours and days immediately after childbirth (post-partum haemorrhage);
- afterbirth left in the womb after delivery of the baby (retained placental membrane);
- complications following any of the above conditions.

Complications of pregnancy are not subject to the waiting period for all medical expenses related to Delivery and Maternity care.

c) Are complementary therapies covered?

A+ International Healthcare plans offer a wide range of complementary therapies as standard. These include Chiropractors, Osteopaths, Acupuncturists, and Homeopaths who are legally qualified, registered and allowed to practice complementary medicine by the authorities in the country in which the treatment is received. These treatments must always be prescribed by a doctor.

d) Are maternity, pregnancy and child-delivery expenses covered?

Child-delivery is only covered under Global 100 Plus. Pregnancy cost is reimbursed according to the type of outpatient treatment. Elective caesarean surgery is excluded from cover.

There is a twelve month waiting period for all medical expenses related to Delivery and Maternity care, meaning that only expenses incurred as from the thirteenth month after acceptance into the insurance plan are eligible for reimbursement.

e) Do I need to wait to get certain treatments?

The insurance cover takes effect on the day immediately following your acceptance by the insurer.

Once enrolled, you may have to wait to get certain treatments:

- Waiting period of twelve months for all medical expenses related to delivery and maternity care;
- Waiting period of twelve months for preventive and wellness benefits;
- Waiting period of six months for all basic dental care and twelve months for all major dentistry: orthodontic treatment and dental prostheses.

f) Am I covered if I travel away from my area of residence?

Yes. You can choose to be covered worldwide or worldwide excluding USA and Canada. If you opt for a cover without USA and Canada, we cover medical expenses incurred due to accidents and medical emergencies whilst visiting these countries for temporary stays of up to 90 days in aggregate per year.

g) Will I be covered for any chronic conditions I have when joining the plan?

Upon acceptance, your medical expenses for chronic conditions will be covered subject to the terms of your policy. However, prior to the acceptance, the medical consultant can define partial or total exclusions of cover of specific conditions, or propose an additional premium to waive exclusions.

h) Are pre-existing conditions covered?

The A+ International Healthcare plans do not generally cover the treatment of pre-existing medical conditions and related conditions. A pre-existing condition means any disease, illness or injury for which you have received medication, advice or treatment, or which you have experienced symptoms, whether the condition has been diagnosed or not, at any time before the date on which your A+ International Healthcare plan starts, except where such Medical Conditions have been declared in the application form and subsequently accepted in writing by us.
